SUGAR FAMINE IN RICHMOND

Committee Prepare to Investigate Shortage

THREE CARS VANISH

Commenwealth's Attorney of Capital City Now Engaged in Investigating Prevailing Conditions.

Richmond, April 24.—Members of a citizens' committee, organized at the instance of Commonwealth's Attorney George E. Wise for the purpose of investigating the sugar situation and to devise ways and means of solving the problem will meet in initial session tonight in Murphy's Hotel at 8 p. m. R. W. Merchant, president of the Renters' and Consumers' Protective Association, will preside, according to announcement.

Mr. Wise stated last night that three carloads of sugar had been received in Richmond over the Richmond Fredericksburg and Potomac Railroad within the last several days, but what had become of it was a mystery. He believed that more will follow.

Mr. Wise yesterday obtained a limited supply of sugar to be distributed in urgent cases where there is sickness or other extreme necessity. The sugar was obtained through the efforts of the Department of Justice agents and will be distributed at 19 cents per pound under the direction of Sergeant J. L. Wiltshire, special investigator for the Commonwealth's Attorney.

Hiram M. Smith, United States District Attorney for the Eastern District of Virginia stated last night that Richmond wholesalers and jobbers who have been offered sugar at 27 1-2 cents by New York brokers have been requested by his department to report the names of those offering the commodity.

While Mr. Smith believes that sugar is being speculated in and that it is being hoarded for a higher price than now is being demanded, he is inclined to give the retailer a clean bill of health. The price of sugar to the ultimate consumer, even though it were to reach 35 or 36 cents, he said, is not to be taken as an indication that retailers are profiteering. To the contrary, Mr. Smith thinks, they may be going the public a real service in getting sugar to Richmond and offering it at any price, granting that their margin of profit is small, that is, not over 2 or 3 cents a pound.

THINK IT OVER

Saturday night is here! More than likely you got your pay check today. Now you have all day tomorrow to think this over. You take your pay and get rid of it for a lot of things you had to have. After you have everything arranged so that your can go all next week without missing a meal or losing your place to sleep how much will you have left over to spend or to save? More than a Marine has per week? Sure! But are you sure you are living as well as a Marine would live? Are you getting all you can eat? A good clean place to sleep? Good strong clothes to wear? Yes? Well, now, how about this; are you getting all of your medical attention Free? Suppose you get sick. You more than likely lose out in your pay and have to give a doctor a good little sum of money. The Marine Corps tends to its men and sees that they are kept physically fit.

You know most of the other advantages in the Corps. A chance to travel, get an education, build up your self up mentally, morally and in every other way that tends to make a man a good American citizen.

If you have a job that beats the Marine's stick to it. If not, and you are of proper age and can pass the physical examination, come up to 605 King street some day next week and see what Sergeant Bruce at the Marine Recruiting Office there can do for you. Enlistments for two, three or four years.

SPORTS

The Cardinal Athletic Club baseball nine will play one of the best amateur baseball teams of Washington, Sunday, April 25, at 2.30 o'clock p. m., on the North Alfred Street grounds.

The Cardinals will not book young teams—composed of small lads who have but recently left their nursing bottles and ceased playing with baby rattles—because they are easy to beat, but want to play the strongest baseball nines at all times, even should the Cardinals meet defeat by tackling a mighty foe, for there is no glory in winning from inferior baseball players.

Tomorrow's contest should be an excellent one for both teams will have star baseball players in their line-up.

The Alexandria Dreadnaughts two baseball clubs will stage a double-header Sunday on the High School grounds, first game beginning at 2 o'clock. the Reserves engaging the Solkan A. C. of Washington, D. C. Ayers will twirl for the locals, with Saffel receiving. In the second game will find the Dreadnaught Regulars opposing the strong Selective Service club, of the Washington Barracks, and will start about 3.30 o'clock. Both of these games are bound to prove interesting, as the visitors bear a good reputation in amateur circles in this vicinity. The batteries for the Alexandrians will be Quayle, Frazier and Forsman on the slab, with Steele catching.

Coaches Burgandine and Brenner request all candidates for the Reserves to be on hand at 1 o'clock. Anyone residing on this side of the Potomac is eligible for a trial with the Dreadnaughts, the player showing the best form getting the position.

The Dreadnaught wrestlers are working out daily so as to be in good condition for the Bolling Field Aviators wrestling team, who they will meet on the night of May 3rd at the Opera House, in the Dreadnaught secon Athletic Show. Bernie Hamilton and "Slim" Hinken, assisted by the Mason-Dixie Players will put on the Minstrel Show in connection with the Athletic Carnival on the above date.

A regular meeting of the Dreadnaught A. C. will be held in their new club-rooms at McBurney's Hall, corner of King and Washington Streets on Monday, April 26th, at 8 o'clock. This will be an important meeting as subjects of interest to every member will be brought up for discussion and a large attendance is requested.

"DRY OFFICERS IN JAIL

Used Obscene and Abusive Language While Drunk and Flourished Revolvers

New York, April 24.—James Muck, of 37 Catherine street, an internal revenue agent, and Michael Grisi, of 177 Cherry street, a prohibition enforcement agent, were arrested and locked up in the West Forty-seventh street station Wednesday night, after they had invaded the cafeteria of Reisenweber's Restaurant at Eighth avenue and Fifty-eighth street, flourished revolvers, and the police charge, tried to whip all the waiters and customers in the place.

They are charged by Patrolman Patrick Leddy with "using obscene and abusive language," and with being "drunk and disorderly." When they were searched at the police station the police found that each of them had a revolver and that Muck had in his pocketa brown bottle filled with whisky.

PREMIER OF ITALY PREDICTS NEW WAR

Protests Against Seizure of Adrianople and Constantinople

ITALY WILL NOT AID

Nitti Declares That Treaty Will be Rejected by Turkish People and Parliament.

San Remo, April 24.—The Turkish treaty has been almost finished by the council. Premier Nitti gave his opinion of the treaty to the council, saying: "I am constrained to tell you that this treaty, to my mind, is a more imperfect prediction than anything the peace conference has done.

"You will have war in Asia Minor and Italy will not send a single soldier nor pay a single lira.

"You have taken from the Turks their sacred city of Adrianople," said Signor Nitti. "You have placed their capital city under foreign control; you have taken from them every port and the larger part of their territory, and the five Turkish delegates whom you will select will sign a treaty which will not have the sanction of the Turkish people or the Turkish parliament."

The boundaries of Armenia have not yet been listed and the new republic will probably be rather contracted, as it is believed the smaller the country the more easily can it take care of itself, because if too many Turks are left within its confines they might overthrow the government.

It is understood that the mandate for Armenia will be offered to Canada, Sweden or Spain.

The council leaves Smyrna under the suzeranity of Turkey, but places the city and province under the administration of Greece.

In its discussion over relations with Russia, it is understood the council will not treat the subject as an allied question. It has already been decided that as the allies were not a war with Russia each ally is free to have such intercourse or non-intercourse as it may deem fit.

The council hopes to leave San Remo on Monday night.

FAVORS PATCHED GARMENTS

(Communicated)

To The Editor of the Gazette:

The contemplated fad to relieve the high cost of men's clothing is all right in a way, to wear overalls. But if the style became popular, the price of overalls would advance quickly on such garments, that the factories would be crowded with more orders than they would be able to fill on the unprecedent demand. Let's relieve the situation some, by everybody wearing out all their old clothes, from head to foot. Let the later style be patched garments, the more different colored patches, the more one would represent the fashion plate, and the more prominence you would give your fellow man that you were a booster for the lower cost of clothing. This fad would have to be universal, all over the country, to have the desired effect in lowering the price, as all men would want it.

To put this style of wearing apparel in vogue, a short time would not materially lower the prices. To do this, every man should try to out-do the other fellow in his oddity of make up, to materially lessen the cost. It would take many months to have the desired effect, to lower the cost of high priced clothes.

You can readily see that the price would advance rapidly on overalls, when there was such a demand for that particular garment.

Men wearing such garments should be considered in the height of fashion, or rather a walking fashion plate. Let everybody wear those patched clothes to all public amusement places churches, etc. Wear them until you can see that the better class of clothing is on the wane.

If the old clothes don't need patches, put some on anyway.

MEXICAN REVOLT CAUSING ALARM

Federal Forces Desert and Join Insurgents in Attack

AFFECTS OIL TRADE

United States Men-of-War Will Aid in Guarding Pride Properties in Tampico District

Washington, April 24.—Three American warships have been ordered into Mexican waters.

Because of the ominous situation brought about by the widespread revolt against the Carranza regime, these vessels were dispatched to Mexican ports to protect the lives and property of Americans and other foreigners in that country.

Secretary of State Bainbridge Colby acting upon a request from American consuls in several parts of Mexico, announced yesterday that the warships would start south immediately.

Subsequently, the Navy Department, presumably at the suggestion of the State Department, announced that the destroyer McCauley and the cruiser Salem had been directed to proceed south from San Diego to the Pacific Mexican ports of Topolobampo and Mazatlan.

The cruiser Sacramento, which was at Campeche on April 16, was ordered to the Atlantic port of Tampico, where it arrived yesterday. It is understood that the Sacramento will give any necessary assistance in safeguarding the rich oil properties of the Tampico district.

That the political situation in Mexico is rapidly becoming alarming to the administration was apparent today. Reports reaching the State Department indicated that many sections of the southern republics are rapidly being embroiled in the revolutionary movement directed at the overthrow of the Carranza government.

The possible alignment of all disaffected political elements in Mexico for the purpose of bringing about the fall of Carranza is the important development momentarily expected by Washington officials who are in close touch with the situation.

PERSONAL LIBERTY LEAGUE

Branch to be Opened Here in Behalf Edwards For Presidency

The Personal Liberty League shortly will open a branch in this city. A circular letter just received by The Gazette from George W. Sutt, jr., in part reads as follows:

"We are going to establish in your locality one or more branches of the National Personal Liberty League to combat the growing tendency of politicians and others to violate our freedom and to destroy the inalienable right of each state to manage its own affairs. In furtherance of these ideals we intend to urge the candidacy of Governor Edward I. Edwards of New Jersey for the Presidency.

This is not a political movement primarily. It is not a fight to restore the saloon nor an effort to revive the whiskey trade. The National Personal Liberty League, a body of intense patriotic, earnest citizens, of all parties, who are thoroughly sick of political leaders who do not lead but who lend themselves to class and privileged legislation, to the increasing detriment of the rest of us who are neither millionaires nor Bolshevists.

"Social, labor and economic unrest is spreading over the land. It is time the American people took hold of themselves and began to manage their own affairs.

Governor Edward I. Edwards is a teetotaler and a vestryman in his church. He regards whiskey as a curse and the saloon as an unmixed evil. But he believes, with us, that the eighteenth Amendment and the Volstead Enforcement Act are clear violations of the liberties for which our fathers died, violations which are just commencing, but which, if not stopped short, will grow until we are tied hand and foot, a nation of serfs."

FAMERS FACES CRISIS

Scarcity and High Wages Asked May Drive Many Into Other Businesses

Wilmington, Del., April 24.—Numerous farmers in this county in the vicinity of Wilmington are complaining of the scarcity of farm labor, and some of them declare that unless they are able to get more labor and get it at a cheaper figure than they can at present they will be compelled to go into some other business.

The present scarcity is blamed on new road construction. Contractors for road work are paying $4.50 for a day of ten hours to the colored men and others who have been employed as farm hands, and it is claimed that the farmer cannot meet this rate of wages. In consequence of this they are without help and their business is being seriously interferred with.

There does not appear to be much chance for relief and it is felt generally that the farmer will never again get labor at the figures formerly paid.

WAR ON JAMAICA GINGER

Uniontown, Pa., Police Station Loaded With Drunks Every Day

Uniontown, Pa., April 24.—County authorities through the district attorney's office have instituted an intensive campaign against the Jamaica ginger traffic which has reached such proportions in Uniontown that the police station has virtually resumed its pre-prohibition status arrests for drunkenness averaging from 15 to 20 per day. A dozen prosecutions have been instituted charging selling liquor without a license and hundreds of cases of "jaky" have been confiscated.

Jamaica ginger with an alcohol content of from 90 to 94 per cent is prepared as a medicine and each bottle contains one and three-fourth ounces. The price originally was 10 cents per bottle but bootlegger activities have run the price up to 85 cents. The concoction when diluted with soda water has a powerful "kick."

THE DIVORCE EVIL

The determination of Judge L. C. Barley, of the Corporation Court of this city, beginning next Tuesday, to hear all divorce cases in open court meets with the hearty approbation of the great mass of well disposed persons of this city. His honor stated that he was actuated in this policy by the fact that he was not always satisfied from the depositions that the plaintiff had a bona fide residence in this state, and that in the second place it did not always appear clearly what were the causes leading up to the separation of the parties.

Divorces are often obtained from flimsy pretenses In many cases the young husband tires of his young wife and vice versa. Numbers of cases of alleged non-support are brought by neglected wives to the Police Court. One late yesterday afternoon occupied the attention of the court for at least an hour. The couple were united in wedlock last February.

Infidelity, nonsupport, incompatibility of temperament, wife beating and other causes of divorce are increasing at an alarming rate.

The records of the Supreme Court of the District of Columbia, which several years ago showed that only one couple in every thirty took their troubles into court, now show that one marriage in every twenty wind up there.

During 1919 there were filed 379 petitions for divorce, annulment or maintenance—more than one for each day in the year.

More than 50 per cent of the divorces granted in this country, are based on "trumped up charges" resulting from the fascination of th husband or wife for some one else. Francis Minor Moody, of Chicago, executive secretary of the International Committee on Marriage and Divorce declared yesterday before the Senate judiciary committee. Appearing in support of a joint resolution proposing a constitutional amendment, providing for uniform federal marriage and divorce laws. Mr. Moody decleared that the divorce evil was a "worse plague than the saloon ever was," and that the remedy was in federal legislation.

HIGHER EDUCATION

With a bluntness that startled the assembled savants, Professor Arthur Gordon Webster, of Clark University, Worcester, Mass., told the members of the American Philosophical Society yesterday at its meeting in Philadelphia that higher education was the greatest of American humbugs

He coupled this with the expressed wish that all United States Senators, Congressmen and members of the Cabinet should be compelled to undergo psychological tests to ascertain if they were collectively as intelligent as the soldiers who fought in the war, who possessed a mental capacity, it was shown during the afternoon, of a thirteen year old child.

Professor Webster is a member of the faculty of one of New England's best known institutions of learning, and his auditors, too, were largely comprised of college professors and educational experts. They seemed to have been stupefed by Professor Webster's characterization of the colleges and universities. The professor also was stirred to his vehement charges by the knowledge that Birmingham plumbers were getting $12 a day and a chauffeur to drive them to "their plum," as the savant phrased the situation which he depicted.

THE VIPER STRIKES

Bolshevism, rank, rotten, German-born Bolshevism-anarchy, has again raised its head in America and sought to strike its poisoned fangs into the breast of the nation that has warmed the viper which now seeks to destroy it

The same accursed hell-born German-nourished doctrines of "might makes right," and "take whatever you want whenever and wherever you have the power," has found a fruitful soil in many dwarfed and distorted minds in America, and now we are reaping the harvest in railroad and dock strikes, and in other efforts to starve the people into submission. The men guilty of these crimes are eager to starve the cities; they would gladly hear the cry of despair, gladly see death stalk through the land, gladly hear the wail of starving, dying babies, gladly see the American Government destroyed and chaos take its place, if through these things they can follow Germany's example and loot others for their own profit. But as surely as Germany is paying the penalty of its crimes, so will the men suffer who are now trying to starve the country into cowardly yielding to their revolutionary threats.

The question now before America is, Shall law and order and the Government be maintained, or shall anarchy and revolution face us? Let us meet the issue now—Manufacturers' Record.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have used it.

AN ALEXANDRIA INTERVIEW

Mrs. Nalls Tells Her Experience.

The following brief account of an interview with an Alexandria woman four years ago, and its equal, will be read with keen interest by every citizen.

Mrs. L. C. Nalls, 911 Duke St. Alexandria, says: "I could hardly get around the house my back was so weak and sore, and when I got down it was almost impossible to straighten up again. I couldn't rest at night and mornings I felt so weak and tired all over it was all I could do to dress. My kidneys acted irregularly and caused me a great deal of misery. My head ached a great deal; It was a dull, steady pain. I got Doan's Kidney Pills at Summer's Drug Store and the first box did me so much good I used another. My back stopped aching and my kidneys haven't caused me any trouble since.

Mrs. Nalls gave the above statement on April 10, 1915 and on March 15, 1919 she added: "I was pretty bad off with kidney trouble and nothing helped me the way Doan's Kidney Pills did. Doan's are the best kidney remedy I know of."

Salvation Army Seeks Many Recruits

Prayers for a "death house" convict.

Below — Colonel Alexander M. Damon.

AT the corner, under the arc light, some music started. A crowd of passersby collected. It was not the toe-tantalizing jazz; it was a soul-stirring hymn.

"Pretty soft," drawled the young man whose shoulders propped up the brick store front of a pool hall. "Some people seem to get by with it, eh? Do a little singsong on a soap-box every night—and call it a day's work. Probably the life of Reilly when you're a buck private in the Salvation Army. No K. P. potato peeling. Pret-ty soft!"

And so Colonel Alexander M. Damon, field secretary of the Salvation Army, was asked about it. He is in charge of recruiting Salvationists at the National Headquarters, No. 122 West Fourteenth street, New York city.

"Say, that's good!" boomed the Colonel. "A soft job in the Salvation Army? I never heard of it. Listen, my friend:

"In the United States right now the Salvation Army needs 500 men and women. It is the hardest work I know; the pay is the lowest; the hours, why, there aren't any! A Salvation Army officer is on call night and day. Sickness in the tenements, starving kids, fires, hungry poor in winter, bereaved families, convicts and their families, unmarried young women with babies—we aid them all. Strangers and friends, all religions, all races are just human beings to us, you see.

"Do you know the prospective Salvation Army officer works a year without pay? It takes two years of 24-hour-a-day service to God and to man before he, or she, is commissioned a lieutenant. And what do you think the pay is? Exactly $14 a week! Our remuneration comes from serving others. So we are well paid.

"Salvationists must visit the jails and prisons. Penniless families of convicts are helped out. Thousands of missing relations are found and returned to their families every year by the Salvation Army officers."

Then the visitor remembered those two Salvation Army lassies, bustling in the greasy, yellow mud of that Flanders dugout, baking pies and serving doughnuts and hot chocolate to some weary, half-starved infantrymen. Day after day, and nights, too. And during the whole of that maddening August drive those lassies just kept on smiling and handing out food.

"Pretty soft," mused the visitor; "pret-ty soft!"

POTATO PRICES REMAIN HIGH

Relief Not Expected Until Virginia Crop Starts Moving

Washington, April 24.—Potatoes are reaching market from Main, Minnesota an the Lakes region, and a few from the extreme south, the Department of Agriculture reported yesterday. But prices will remain high until the Virginia crop starts, it was said, and even that is reported reduced in acreage.

"No great amounts of Southern potatoes are moving yet," said the department. "Prices of potatoes in the North have been so high that consumers have felt the pinch severely and some are resorting once more to rice and other wartime substitutes.

"Sweet potatoes have not fully shared the advance of white potatoes although they have reached levels higher than usual.

"Apples have held up in price remarkably, considering that many more are in cold storage than last spring."

Republicans Take Notice!

The Republican Committee of Alexandria urge upon you the great importance of qualifying yourself to vote in the next presidential election and desire to call your attention to the fact that under the laws of Virginia you cannot vote unless you have paid your poll taxes for the years 1917, 1918 and 1919, PRIOR TO MAY 1, 1920. If you have paid your taxes for the years 1917 and 1918 you will have only to pay for the year 1919, but the poll taxes for the three years mentioned must be paid before May 1, 1920.

It is suggested and urged, that you call immediately on the City Treasurer and the Clerk of the Court and investigate your status as a voter.

If you have not been assessed, go at once to the City Commissioner of Revenue and request assessment, pay your poll tax and then register in the precinct in which you live.

Please make inquiries among your republican friends and send to the Committee promptly the names and addresses of such of them as have not qualified to vote.

Remember that only those who pay can vote. Swearing at the law will not get your name on the Treasurer's list and registration books. Attend to this at once.

WANTS PACT CHIEF ISSUE

President Outlines Position to Democratic State Convention at Kansas

President Wilson has served notice on his party that he will not consent to the league of nations being made a campaign issue in a mere perfunctory way.

The President's position that the league is the paramount issue, was made clear in a letter read to the democracy of Kansas at its State convention yesterday. In it the President said that "the issue which it is our duty to raise with the voters of the country involves nothing less than the honor of the United States and the redemption of its most solemn obligations; its obligations to its associates in the great war, and to mankind, to whom it gave the most explicit pledge that it went to war not merely to win a victory in arms, but also to follow up that victory with the establishment of such a concert of nations as would guarantee the permanence of a pledge based on justice."

DEFY RAILWAY HEADS

St. Louis Strikers Will Demand $1 Per Day for Every Week off Job

St. Louis, April 24.—Fifteen hundred striking switchmen, meeting here yesterday, voted to increase their demands $1 a day for each week railroad officials continue to ignore demands of the "outlaw" strikers, their leaders announced.

The switchmen voted flatly to refuse to go back to work. Rail officials refused to comment on the action.

STRANGE BLUNDER

Stars an Stripes Flies, by Mistake, Over Windsor Castle

London, April 24.—The Stars and Stripes floated over the northern tower of Windsor Castle yesterday morning. Someone had hoisted it by mistake instead of the royal ensign.

Prince Albert, King George's second son, was having his antebreakfast horseback ride nearby and noticed the error. He galloped to the flagmaster's office and asked what was what. Promptly Old Glory was hauled down and up went the royal emblem.

Who made the mistake and what the penalty was remain mysteries.

MOB THREATENS JAIL

Police Held at Bay 500 Men Seeking Girl's Negro Slayer

Indianapolis, April 24.—A mob estimated at approximately 500 men gathered early yesterday evening at the Marion county jail, where the authorities are holding William Ray, colored, who, the police say, confessed early yesterday morning to the murder of 14 year old Martha Huff on Monday evening. All the police reserves have been called for guard duty.

Ray is 19 years old and married. The crime for which he is held without bond was committed last Monday afternoon. He is said to have made a written statement yesterday morning in which he told how he enticed the girl from her home with the promise of new clothes and took her to a lonely spot on the banks of Eagle Creek, west of the city. In the alleged confession he said she screamed when he attempted to embrace her and that he stabbed her 13 times in the neck to silence her. Later he threw her body in the stream.

The body was found Tuesday evening.

Ray entered a plea of guilty when arraigned before Judge Pritchard in city court yesterday.

PREFER JAIL TO WORK

Five Hundred Strikers Vote to Defy Department of Justice Officials

Cleveland, Ohio, April 24.—Five hundred striking railroad switchmen at a mass meeting late yesterday, agreed unanimously to go to jail rather than return to work after officials of the Department of Justice requested the strike leaders to notify the men that all of the approximately 1,500 strikers would be arrested if they did not return to work by this morning. This was after John Sawken, Department of Justice agent, who attended the meeting, had demanded that the strikers' leaders order the men to return to work or themselves go to jail.

The government warning given to Frank J. O'Rourke, president of the Cleveland Yardmen's Association by Sawken brought a noisy demonstration from the men at the meeting.
